8th November 2018

The Chairman
Filey Town Council
52A Queens Street
Filey
North Yorkshire
YO14 9HE

Dear Richard

Please accept this letter as my resignation from the Filey Town Council with immediate effect.

I have become seriously disillusioned with the effectiveness of the council and its inability to provide any benefits for the people of Filey whom we are supposed to represent. There seems to be a reluctance of the majority of the council to spend any of reserves to improve the facilities of the town not only for the community but also the tourist industry of the town which would improve visitor levels and therefor provide new jobs for locals in town. The long protracted discussions with regards to public toilets proof this.

I hope that the forthcoming local elections can provide a new progressive Filey Town Council.

Yours Faithfully

Robert Horley
