Dear Sirs

RE: Sale of Newby Wiske Hall to PGL Travel Ltd

I write again regarding the above planned sale to PGL, after attending last Thursdays NYPCC public Q & A forum in York, I am even more disgusted, with NYPCC who are after all supposed to uphold and represent the **moral fibre of our society**.

Following the points made by Mr David Stockport, you would have thought that at least there would have been an acceptance of the points made; instead the Chairman was so indignant to the fact, that someone should dare to suggest that a **public body** should show even a **modicum of moral fibre**, in the respect of the Paradise Papers, and the massive negative effect these schemes have on **Public Finances** and **Services**, instead the response by the Chairman was, **its nothing to do with us, so let's move on**.

I repeat, this company are so **heavily and extensively** involved in a scheme to avoid paying **tax in the UK**, they receive **tax handouts** for listed buildings, significant **Government** subsidies for assisted places (This would be perfectly acceptable if they paid their full taxes to the **UK Government**), only then to operate a **tax avoidance scheme**, meaning we, the **British tax payer**, would be helping them pay even less tax, which could be used to **support ALL OUR UNDERFUNDED PUBLIC SERVICES** including the **POLICE**.

PGL are also under investigation regarding the same schemes in Germany If this sale goes through it will mean that you will be aiding this company to filter away a **£2.5m PUBLIC ASSET INTO ANOTHER OFF SHORE TAX HAVEN** at the expense of the **BRITISH TAX PAYER**.

I repeat the **BRITISH TAX PAYER** deserves better from **all Government agencies**.

Yours

Paul Vayro
