

# SAVE OUR WEST PIER

This document has been compiled on behalf of the overwhelming majority of the Scarborough Seafront community in its fight to stop Scarborough Borough Council in its illicit attempts to develop our West pier.

People from the community in support of this document include business owners, investors, managers and directors. Many of them also wish to be spokespersons for the generations of families involved and hundreds more people made up of family members, very long term employees, friends and staff who also stand firmly against this development.
